Partners Across The West

Kenneth Emory

Biographical Sketch, Southwest RAC Member

While Kenneth Emory retired six years ago and moved to the Montrose area with his wife Bonnie, we think he may be busier now than when he worked for a living. Along with serving his first term on the RAC representing the off-highway vehicle community in Category 1, Emory volunteers with both BLM and Forest Service on special projects.

Emory is also a board member of the Colorado 4-Wheel Drive Association, as well as the Western Slope 4-Wheelers Club. As a RAC member, Emory feels it's important to keep areas open for motorized recreation. Public land issues and maintaining trails and roads are of special interest to Emory.

Prior to calling western Colorado home, Emory's family made it their recreation destination for over 20 years. Emory spends his free time four-wheeling in his Jeep.
